

**Juravinski Cancer Centre
Foundation**

June 28, 2011

Dear Friends:

The Juravinski Cancer Centre Foundation is leading a \$5-million fundraising campaign to build and equip the CIBC Breast Assessment Centre (BAC). This Centre, designed to be the region's most comprehensive assessment facility, will streamline breast cancer screening and diagnosis for women in our region.

Scheduled to open in spring 2013, the Centre will be located on site at Juravinski Hospital and Cancer Centre, occupying the former Henderson Hospital Emergency Department. To date we are just over half way to the goal at approximately \$2.7 million.

Katie and Gary Hanna have become crusaders for the construction of this Centre and are holding an ongoing fundraiser to raise \$2000. Once they reach that goal Gary will shave 110% into his head and dye it pink in support of the BAC!

Your generosity and support of this fundraiser allows the Juravinski Cancer Centre to continue to deliver expert, compassionate, high quality patient care and enables our dedicated healthcare professionals to reach new heights and break new ground in creating "Hope for today ... and the future." We are transforming cancer care and our vision for the BAC is *One Day – One Centre – One Team!* Thank you for helping to make this vision a reality.

Thank you for your kind consideration.

Sincerely,

Melissa Shuker
